Dr. Shehab Soliman, MD

Lecturer of Plastic Surgery, Cairo University

Treasurer

Dr. Fady Magdy, MD

Lecturer of Plastic Surgery, Cairo University

Dear Colleagues

FACE I is a new baby that will be born this year and we hope that it would grow year by year into a big conference that would cover different aspects of aesthetic surgery, both surgical and non surgical procedures that would help in the continuous medical education of both young as well as experienced doctors involved in the field of aesthetic surgery. This year we managed to bring to Egypt four of the most eminent surgeons world wide, which would give this baby born conference a big leap ahead.

Organizing Committee

GUEST SURGEONS

Prof. Dr. Thomas Biggs

Clinical Professor Plastic Surgery, Baylor University college of Medicine, Houston, Texas.

- *Editor-in-chief, Aesthetic Surgery Journal.*
- *Former President ISAPS.*
